

# The Assassin (A Kolat Variation) Potentially Dangerous Which May Become Illegal

1. Set-up- **Wrestler A** reaches over head and under shoulder w/ far side arm to lock & vice hands in side of **wrestler B's** neck .

2. **Wrestler A** crunches & pulls **wrestler B** into his knee as **wrestler B** breaks down to mat.

**Note:** THE OFFICIAL'S POSITION IS CRITICAL TO SEE DANGEROUS POINTS.

3. **Wrestler A** steps across w/ far leg (a sit out step) pulling across **wrestler B's** head, neck and throat to his back. This may become **ILLEGAL** if across the throat.

**Note:** Head and upper body will rotate due to pressure caused by locked hands

4. **Wrestler A** may plant his far side knee in the hip or lower back to help **wrestler B** pop over. This may become **UNNECESSARY ROUGHNESS**.

**Note:** Knee in lower back may also be **ILLEGAL**

5. As **wrestler A** turns **wrestler B**, he will keep his hips parallel to mat and tight against **wrestler B's** hip.

**Note:** Pressure across the throat

6. As **wrestler A** finishes the move, notice **wrestler B's** head propped up by **wrestler A's** arm pit and upper arm forcing the chin to be pinched against the arm across the throat. This has definitely become a choke hold ... **ILLEGAL**.
